

Pensacola Industrial — 10 Stops

Eleven listings across ten addresses, ordered as one north-to-south drive in from Pace. Two are for sale; nine are for lease.

Tour **Thursday 20 Aug 2026, AM** Start **Pace, FL** End **Downtown Pensacola** Prepared **19 Aug 2026**
Agent **Dell McCraney**

The drive

10	1:06	26.4	0
STOPS	DRIVING	MILES	TOLLS

- Open full route — all 10 stops
- North leg — stops 1–5 (35 min)
- South leg — stops 5–10 (31 min)

Out US-90 W, up the Palafox corridor to Gonzalez, then straight back down Palafox into town — the two legs meet at Sears Blvd, so you can break there for coffee without losing the thread. All three links were opened and confirmed to resolve. Driving time only; add your own time on site.

Can't occupy **Three of the ten can't take a tenant now.** 2101 W Government is still occupied until 1 Dec 2026, 8038 N Palafox opens Oct 2026, and 7801 Sears Blvd Suite A carries a year built of May 2028 — it isn't standing, and the listing's own image is an architect's rendering rather than a photograph, which settles it. Walk them as future options, not as answers to a today requirement.

Not comparable **Every lease quote here is NNN except one.** 8038 N Palafox is Modified Gross at \$12.00 — it looks like the second-priciest space in the set and probably isn't. Nothing lines up until you have opex.

Blank on every sheet **Opex / CAM is empty on all nine lease listings.** Not one of these rents is an all-in number. Get the estimate from each broker while you're standing in the building.

Parking Three sites are thin enough to matter: **10110 N Palafox** shows 6 spaces on 22,450 SF, **125 Lurton** 10 on 18,150 SF, **7801 Sears D** 14 on 28,410 SF. Count cars and trailer space yourself.

1

3375 Copter Rd

\$18,750/mo

Ellyson Industrial Park · Pensacola 32514 · between Scenic Hwy 90 and Davis, just north of I-10

\$10.00/SF NNN · 22,500 SF

3375 Copter Rd — dock face, ramps and the five-acre yard

EAVE	DOCKS	GRADE LEVEL	ZONING	SITE
20'	Dock high	Present	HC/LI	10.14 ac
BUILDING	ON MARKET	LISTING		
78,394 SF	293 days	43640009		

Divides in 7,500 SF bays, and each bay comes with 300 SF of conditioned office and two restrooms already built — the only listing in the set that spells that out. Fully insulated, exhaust fans, fire suppression, oversize roll-up (18'w × 12'h or 20'w × 12'h). Five-acre lot with ingress/egress sized for large vehicles.

Ask: the description calls it "newly built" but the sheet leaves year built blank, and it has sat 293 days. Find out which is true and why it hasn't moved. Owner is Daws Phillips Properties.

2

125 E Nine Mile Rd

\$10.00/SF

Nine Mile Rd & Holsberry · Pensacola 32534 · easy reach to both I-10 and Hwy 29 · NNN · 7,500 SF min divisible

125 E Nine Mile Rd — completed building

Site plan — Bldg A 54,400 SF · Bldg B in four bays of 6,700 SF warehouse + 800 SF office · Bldgs C & D 32,000 SF

TOTAL AVAIL	MIN BAY	CLEAR	DOCK HIGH	GRADE LEVEL
106,400 SF	7,500 SF	18–24'	6	6
SPRINKLERS	BUILT	SITE		
Yes	2025	9.58 ac		

Newest product on the tour and the only true new construction you can actually occupy. Three buildings — 30,000, 32,000 and 54,400 SF — with three-phase power, high eave, and both dock and grade loading. Office finish available from 800 SF. The site plan on the listing resolves how it divides: Building B is drawn as four tenant bays of 6,700 SF warehouse plus 800 SF office each — which is exactly the 7,500 SF minimum, already laid out.

Read the monthly figure carefully: the \$88,667/month on the sheet is the entire 106,400 SF park, not a suite. A 7,500 SF bay prices around \$6,250/month before opex. **Also:** the three buildings add to 116,400 SF but the listing markets 106,400 SF available — worth one question about what's already spoken for.

3

10110 N Palafox Hwy

FOR SALE

\$2,850,000

Gonzalez / SW Santa Rosa · Pensacola 32534 · northernmost stop

\$126.95/SF · 22,450 SF

10110 N Palafox Hwy — side elevation and parking lot

BUILT	CLASS	DOCKS	DRIVE-IN	LEVELATORS
1987	C	4 ext	2 @ 10'×14'	2 ext
PARKING	SALE TYPE	ON MARKET		
6 spaces	Owner user	3 mo 7 d		

An owner-user purchase, and the more expensive of the two for-sale options per foot — \$126.95 against \$98.00 at Cervantes for a building only two years older in class terms.

Six parking spaces on 22,450 SF is roughly a quarter space per 1,000. That is the single hardest fact on this sheet. Look at whether the yard absorbs it or whether it genuinely caps headcount.

4

8038 N Palafox St

\$25,000/mo

Ensley / N Brent · Pensacola 32534

\$12.00/SF Modified Gross · 25,000 SF

8038 N Palafox St — drive-in end and fenced yard

BUILT	CLASS	CLEAR	DOCKS	DRIVE-IN
Apr 2009	B	26'	1 ext	4 @ 11'x14'
PARKING	OCCUPANCY	ON MARKET		
24 spaces	Oct 2026	6 days		

Tallest clear height on the tour at 26', the widest drive-in doors at 11' x 14', and second-newest building. Fresh listing — six days — so nothing has been picked over yet.

The one Modified Gross deal in the set. At \$12.00 MG the landlord is carrying costs that every NNN quote here pushes to the tenant, so it is very likely closer to the \$10.50 NNN spaces than the raw number suggests. Ask what MG includes. **Only one dock** — fine for a drive-in operation, a problem for a distributor.

[Navigate to this stop](#)

5

7801 Sears Blvd — two suites

\$24,859/mo

Sears Industrial Park · Ensley / N Brent · Pensacola 32514 · Suite D · \$10.50/SF NNN · 28,410 SF
one address, two very different listings

Suite D — dock face in active use (Ryder, XTRA, Enterprise trailers)

Suite A — ARCHITECT'S RENDERING, not a photograph

BUILT	CLASS	CLEAR	DOCKS	DRIVE-IN
1999	A	24'	7 ext	2 @ 10'x14'
LEVELATORS	SPRINKLERS	ON MARKET		
7 ext	Wet	27 days		

Suite D is the best building on the lease side and it isn't close. Only Class A in the set, only wet sprinkler system, seven docks each with a leveler, 24' clear, 1999 construction — and it is asking the same \$10.50/SF as 3890 Pasco, which was built in 1956. If the requirement is real distribution, this is the benchmark the others have to beat. Twenty-seven days on market.

Suite A at the same address is a different animal. It asks \$15.00/SF — the top of the whole set — for 15,000 SF in a building whose year built reads May 2028, with no drive-ins and no levelators listed. It has been "on market" 1 year 10 months while showing immediate occupancy. The image on its sheet is a CGI rendering, not a photograph — flat ground plane, no shadows on the pavement — so the building is proposed, not standing. Treat it as build-to-suit until the broker says otherwise, and get that answered on site since you're standing there anyway.

Parking: 14 spaces against 28,410 SF in Suite D.

6

3890 Pasco St, Suite 3

Central Pensacola / S Brent · Pensacola 32505

\$20,825/mo

\$10.50/SF NNN · 23,800 SF

3890 Pasco St — interior, racked and occupied

BUILT	CLASS	DOCKS	DRIVE-IN	LEVELATORS
1956	B	5 ext	2 @ 8'×10'	5 ext
PARKING	BUILDING	ON MARKET		
33 spaces	81,418 SF	9 mo 5 d		

Best parking ratio on the tour by a wide margin — 33 spaces. Five docks all levelered.

The comparison to make while you're here: same \$10.50/SF as Sears Suite D, but built in 1956 rather than 1999, Class B rather than A. Nine months on market says the market has already noticed. **Drive-in doors are 8' × 10'** — the smallest openings in the set, which rules out anything that needs a truck inside.

[Navigate to this stop](#)

7

125 Lurton St

Central Pensacola / S Brent · Pensacola 32505

\$12,856/mo

\$8.50/SF NNN · 18,150 SF

125 Lurton St — aerial

BUILT	CLASS	CLEAR	DOCKS	DRIVE-IN
1969	C	24'	3 ext	1 @ 8'x12'
SPRINKLERS	PARKING	TERM		
Dry	10 spaces	5–10 yr		

Cheapest monthly cost on the tour at \$12,856, and the most flexible term on offer — five to ten years, where most of this set is locked at three or five. 24' clear in a Class C shell is better than the class suggests.

Dry sprinkler system is the detail to chase: it points to an unheated or partly unheated building, which matters for what can be stored. **Ten parking spaces** and a single 8' × 12' drive-in are the real constraints.

[Navigate to this stop](#)

8

2800 Delano St

West Pensacola · Pensacola 32505

\$20,802/mo

\$9.00/SF NNN · 27,736 SF

2800 Delano St — aerial

BUILT	CLASS	CLEAR	DOCKS	DRIVE-IN
1961	C	24'	13 ext	5 total
LEVELATORS	PARKING	TERM		
2 ext	20 spaces	3 yr		

Thirteen dock doors — nearly double the next best, on 27,736 SF at \$9.00/SF. For a cross-dock or high-throughput distribution use this is the most loading capacity per dollar anywhere on the tour.

Three-year term only. Everything else here offers five or more. If the client wants amortized buildout, a three-year deal fights that — worth testing whether the landlord will stretch it.

9

2110 W Cervantes St

FOR SALE

West Pensacola · Pensacola 32505

\$1,340,000

\$98.00/SF · 13,673 SF

2110 W Cervantes St — street frontage, currently tenanted

SALE TYPE	PRICE/SF	SIZE	STATUS	ON MARKET
Owner user	\$98.00	13,673 SF	Active	4 mo 3 d

AMENITIES

Signage

Lowest entry price on the tour and the lowest cost per foot of the two sale options — \$98.00/SF against \$126.95 at 10110 N Palafox. Also the smallest building in the set at 13,673 SF, which makes it the realistic owner-user play if the requirement is modest.

The sheet is nearly empty. No year built, no class, no dock or drive-in count, no parking, no ceiling height — the listing gives size, price and "signage." The one photo shows a street-front metal building with two drive-in bays, a recessed centre entry and current tenant signage — so it is occupied, and the frontage is retail-facing rather than dock-served. This is still the stop where your own eyes are the entire data set: photograph the loading, the roof and the yard, and get the building detail from the listing broker before it goes to the client.

[Navigate to this stop](#)

10

2101 W Government St, Suite 1

Pensacola 32502 · last stop, downtown edge

\$17,924/mo

\$8.00/SF NNN · 26,886 SF

2101 W Government St — dock elevation

Parcel outline (Escambia County aerial)

BUILT	TYPE	ZONING	SITE	BUILDING
1962	Whse/Office	C-3	1.16 ac	27,483 SF
OCCUPANCY	AVAILABLE	ON MARKET		
Single tenant	1 Dec 2026	111 days		

Lowest rate in the entire set at \$8.00/SF NNN for 26,886 SF — the most square footage per dollar you will see tomorrow. Clear-span construction, multiple loading points, office already in place, C-3 zoning, secured site. Legal owner is Terhaar Development; parcel 000S009080001131, Escambia County.

It is still occupied. The sheet reads vacant: no, with delivery 1 Dec 2026. Expect a working building tomorrow rather than an empty one, so plan the walk-through with the current tenant in mind — and if the client needs space before December, this is a conversation about timing, not about rent.

[Navigate to this stop](#)

ASK AT EVERY STOP

The same six questions at all ten, so the packet comes back uniform instead of ten different shapes of incomplete.

1. **Opex / CAM estimate for the current year.** Blank on every listing — without it none of these rents can be compared.
2. **What is actually included** — roof and structure, taxes, insurance, common area, management fee.
3. **Power available at the panel**, service size and phase. Not listed on any of these sheets.
4. **Real parking count and trailer/yard space**, counted rather than quoted.
5. **Concessions** — free rent, TI allowance, and what the landlord will do for a longer term.
6. **Who else has looked**, and whether anything is out for LOI right now.

WHERE THIS CAME FROM

Four listing PDFs supplied 18–19 Aug 2026: CoStar client report for lease (6 listings — numbered 1, 2, 4, 5, 6 and 9 in the original, so three from that list were dropped before it reached this packet); Moody's/Catylist client report (3 industrial lease listings, prepared 18 Aug 2026); CoStar sale sheet for 2110 Cervantes St; CoStar sale sheet for 10110 Palafox Hwy N. All CoStar material licensed to CARR, Inc — 1691940.

Photographs are the listing images pulled from those same four PDFs — one per property, plus the Nine Mile site plan, the Sears Suite A rendering and the W Government parcel aerial. They are the broker's own marketing images and may predate current condition.

WHAT HAS NOT BEEN VERIFIED

Route pins are geocoded from street addresses only. No entrance, driveway or dock-access point has been confirmed, so at each stop trust the building in front of you over the pin. Drive times are Google's estimate at the time this was built and exclude time on site. Every rate is the asking rate as published; nothing here has been confirmed with a listing broker, and opex is unknown everywhere. Suite A at 7801 Sears Blvd carries an internally inconsistent listing and may not be a standing building.

Not client-facing as it stands — this is a working packet for the drive. It needs opex, broker confirmation and a photo pass before any of it goes in front of a client.
