Base monthly rent is the working total. Anything marked Unlisted is not published by the landlord or the listing service, and we confirm it directly before any comparison, because on your budget an unpriced expense is the difference between two spaces that look identical. Full-buildout spaces carry a medical or office fit-out benchmark of roughly \$180 a foot, and a dental fit-out typically runs higher.

01

Palm Plaza, Suite 1039

Niceville, FL 32578

ADDRESS 1003-1047 East John Sims Parkway, Suite 1039, Niceville, FL 32578. Retail and office plaza in the heart of Niceville, daily traffic count near 40,000.

One of the two lowest base rents in the entire search, and the only space on this tour that lands squarely inside your target band without demising. The suite measures 25 feet by 100 feet with open retail across the front, one ADA restroom, and a storage area at the rear. Operating expenses are published at \$2.02 a foot, which is the lowest here by a wide margin and unusual for this market, so the all in number is close to \$21. The building dates to 1974, and that is the thing to weigh against the price.

AVAILABLE 2,500 SF	CONTIGUOUS 2,500 SF
-----------------------	------------------------

ASKING RATE \$19.00 /SF/yr	BASE RENT / MO \$3,958
OPERATING EXP. \$2.02 /SF	ALL IN \$21.02 /SF, about \$4,379 /mo
STRUCTURE Triple Net (NNN)	FLOOR Ground
CONDITION Open retail	AVAILABLE FROM 1 July 2026
YEAR BUILT 1974	CENTER SIZE 116,999 SF
TRAFFIC COUNT About 40,000 daily	

ABOUT THE PROPERTY

- 25 feet by 100 feet, open retail at the front.
- One ADA restroom and a storage area to the rear.
- Ground floor, and inside your target size band as it stands.
- Roughly 97 parking spaces attributed to the suite.

CONFIRM BEFORE SIGNING

- Electrical service, roof, and HVAC, given the 1974 construction.
- Whether the slab will take operatory plumbing without major work.
- What the landlord will contribute to a dental fit-out at this rate.
- Parking count and how it is shared across the plaza.
- Whether the storage area at the rear can become a sterilisation or mechanical room.

NOTES

The cheapest all in on the tour by some distance. Older building, so the mechanical inspection matters more here than anywhere else.

Palm Plaza, Suite 1047

Niceville, FL 32578

ADDRESS 1003-1047 East John Sims Parkway, Suite 1047, Niceville, FL 32578. Same plaza as Suite 1039, at the eastern end of the address range.

The move-in ready office suite in the same plaza, at the lowest asking rate in the whole search. At 5,000 SF it is well above your target band, so this only makes sense if you are building for eight operatories from day one or if the landlord will demise it. The rate is low enough that the monthly still lands near the middle of this list rather than the top. Available now, and on the market long enough that there should be room to negotiate.

AVAILABLE 5,000 SF	CONTIGUOUS 5,000 SF
ASKING RATE \$17.00 /SF/yr	BASE RENT / MO \$7,083
OPERATING EXP. \$2.02 /SF	ALL IN \$19.02 /SF, about \$7,925 /mo
STRUCTURE Triple Net (NNN)	FLOOR Ground
CONDITION Move-in ready office	AVAILABLE FROM Now
OCCUPANCY 30 days	TIME ON MARKET 149 days
YEAR BUILT 1974	

ABOUT THE PROPERTY

- Lowest asking rate in the search at \$17.00 a foot.
- Move-in ready as office space, ground floor.
- Roughly 149 parking spaces attributed to the suite.
- On the market 149 days, which is leverage.

CONFIRM BEFORE SIGNING

- Whether the landlord will demise toward your band, which is the whole question here.
- Electrical service, roof, and HVAC, given the 1974 construction.
- What an office to dental conversion costs in this shell.
- Whether the 30 day occupancy is firm.
- Free rent or fit-out contribution, given the time on market.

NOTES

1,600 SF more than you asked for. Worth walking because the rate is the lowest here and the days on market give us room.

Bluewater Bay Shopping Center, Suite 4536

Niceville, FL 32578

ADDRESS 4506-4546 Highway 20 East, Suite 4536, Niceville, FL 32578. Winn-Dixie anchored center on the Highway 20 corridor, east side of the center, retail facing.

The only space in this search already fit out as medical. A Winn-Dixie anchored grocery center of about 105,599 SF in the heart of the Niceville trade area, with over 33,000 vehicles a day on Highway 20, ample parking, and prominent pylon signage. For a startup the draw is a traffic base you do not have to build yourself and a suite that is not a conversion. At 4,000 SF it sits above your target band, so the question to put to the landlord is whether it will demise toward 3,400.

AVAILABLE 4,000 SF	CONTIGUOUS 4,000 SF
ASKING RATE \$22.00 /SF/yr	BASE RENT / MO \$7,333
OPERATING EXP. \$6.75 /SF	ALL IN \$28.75 /SF, about \$9,583 /mo
STRUCTURE Triple Net (NNN)	FLOOR Ground
CONDITION Medical space	AVAILABILITY Available
PROPERTY TYPE Grocery anchored center	CENTER SIZE 105,599 SF on 10.2 acres

TRAFFIC COUNT

33,000 vehicles per day

ABOUT THE PROPERTY

- Already configured as medical space, so you are not converting retail.
- Grocery anchored co-tenancy with an established daily traffic base.
- Ample surface parking and prominent pylon signage available.
- Ground floor throughout, which suits an operatory layout.

CONFIRM BEFORE SIGNING

- Whether the landlord will demise the 4,000 SF toward your 2,400 to 3,400 band.
- What the existing medical fit-out actually includes, and what of it is usable for dental.
- Electrical service to the suite, 200 amp against 400 amp.
- Dedicated parking count against the shared load across the center.
- Plumbing capacity for operatories, vacuum and compressor lines.

NOTES

The one purpose-built medical suite in the search. Price it and ask about demising.

Bluewater Bay Office Complex, Suite 1507

Niceville, FL 32578

ADDRESS 1501 Merchants Way, Suite 1507, Niceville, FL 32578. Office complex behind the Highway 20 shopping center, office facing, to the rear.

The second Bluewater Bay space, and worth understanding as a separate building rather than another suite in the same strip. It sits in the office complex on Merchants Way behind the shopping center, so it shares the center's parking and signage but not its storefront visibility. Same 4,000 SF and the same \$22.00 asking rate as the medical suite, but the operating expenses are materially higher at \$9.03 a foot, which makes it the more expensive of the two on your budget despite the identical headline rate.

AVAILABLE 4,000 SF	CONTIGUOUS 4,000 SF
ASKING RATE \$22.00 /SF/yr	BASE RENT / MO \$7,333
OPERATING EXP. \$9.03 /SF	ALL IN \$31.03 /SF, about \$10,343 /mo
STRUCTURE Triple Net (NNN)	FLOOR Ground
CONDITION Office space	AVAILABILITY Available, currently occupied
PROPERTY TYPE Office complex	TRAFFIC COUNT 33,000 vehicles per day on Highway 20

ABOUT THE PROPERTY

- Ground floor, in the office complex rather than the retail strip.
- Shares the grocery anchored center's parking and pylon signage.
- Same footprint as the medical suite, at a higher all in cost.

CONFIRM BEFORE SIGNING

- Access for the tour, since the suite is currently occupied.
- What drives the \$9.03 operating expense against \$6.75 on the retail side.
- Whether an office shell can take operatory plumbing without slab work.
- Signage rights, given the suite does not face Highway 20.
- Electrical service to the suite.

NOTES

Same rate as 4536 but \$2.28 a foot more all in. Worth seeing, hard to justify over the medical suite.

4399 Commons Drive, Unit 200A

Destin, FL 32541

ADDRESS 4399 Commons Drive, Unit 200A, Destin, FL 32541. Runnels Professional Building at Kelly Plantation.

A move-in ready professional suite in a three-storey building at Kelly Plantation, already home to orthodontists, financial advisors, attorneys, a title company, and an accountant, so the professional co-tenancy is strong. 2,200 SF with a reception area off the elevator foyer, six offices, a conference room with covered patio access, and a kitchen. The gross rent folds in base rent, triple net, water, sewer, trash, and electricity, which makes budgeting unusually clean. The catch for a dental use is the floor: it is on the second storey, the same constraint that shaped the rest of this list.

AVAILABLE 2,200 SF	CONTIGUOUS 2,200 SF
ASKING RATE About \$30 /SF (gross)	BASE RENT / MO \$5,500 (gross)
OPERATING EXP. Included in gross	STRUCTURE Gross, NNN and utilities included
FLOOR Second of three	CONDITION Move-in ready
AVAILABLE FROM Existing	PROPERTY TYPE Professional / Office
YEAR BUILT 2006	

ABOUT THE PROPERTY

- Reception area off the elevator foyer, six offices, conference room with covered patio access, and a kitchen.
- Gross rent includes water, sewer, trash, and electricity.
- Professional co-tenancy including orthodontists and a title company.
- Elevator served.

CONFIRM BEFORE SIGNING

- Whether operatory plumbing and vacuum lines can be run on a second storey, and what that costs.
- Equipment delivery route and elevator capacity.
- Post-sedation patient egress from the second floor.
- Whether the landlord has any ground floor space coming available.
- What the gross rent excludes, if anything.

NOTES

Cleanest budgeting on the list and a genuinely professional address. The second floor is the reason it is not higher.

No photograph exists for this one. It is off market, never published on CoStar, Crexi, ECAR, or Moody's, and it came to us directly. We will see it for the first time together on the tour.

An off market opportunity on the Highway 98 corridor, not published on any listing service, brought to us directly. Two units of roughly 3,000 SF each, which means the combined footprint is well above your band but a single unit sits just under it. The landlord is in negotiation with another prospective tenant, so this one moves on their timeline rather than ours. We are including it because an unlisted space is a space you are not bidding against the whole market for, and that is worth a look even under time pressure.

Miramar Beach, FL 32550

ADDRESS 215 Grand Boulevard, Suite 102, Miramar Beach, FL 32550. Grand Boulevard lifestyle center at the Sandestin gate, west end of the center.

The strongest address on the tour. Grand Boulevard is a mixed use lifestyle center by the Sandestin gate with heavy daytime traffic and a professional setting that does a lot of work for a new practice. This is the ground floor suite at the west end of the center with signage, at the bottom of the range Grand Boulevard is asking. It comes as buildout space, so the fit-out is a real cost, and it does not deliver until February 2027, which makes your target opening date the deciding question rather than the rent.

ABOUT THE PROPERTY

- Ground floor, at the top of your size band.
- Signage at the west end of the center.
- Mixed use lifestyle center with strong daytime traffic.
- Bottom of the rate range across the Grand Boulevard suites.

CONFIRM BEFORE SIGNING

- Operating expenses, which are unpublished and matter at this address.
- The fit-out allowance, since the space is delivered for buildout.
- Whether February 2027 works against your opening date.

Santa Rosa Beach, FL 32459

ADDRESS 4935 West Highway 98, Santa Rosa Beach, FL 32459. Premier retail and flex complex delivering on Highway 98.

The only Santa Rosa Beach space on the tour. A Class A retail, showroom, and flex complex now delivering on Highway 98, with 24 foot ceilings, roll-up doors, and coastal finishes. The single 3,600 SF flex unit lists at \$28.50 a foot, and the landlord is offering five months free rent on flex spaces, which is real leverage on a startup budget. Signed tenants already include a medical spa, a fitness concept, and a coffee shop, so the co-tenancy leans service and wellness rather than trade. Some units carry a 730 SF second floor office mezzanine, which is worth asking about as staff or admin space above a ground floor clinical layout.

- Whether the five months free applies to a medical use and to this unit.

Corporate Woods, State Highway 20

Freeport, FL 32439

ADDRESS State Highway 20, Freeport, FL 32439. Corporate Woods, a Class A medical and professional campus under construction on the Highway 20 corridor.

We set this one aside in the first pass, and it has come back. The objection was suite size: the units run 568 and 747 SF, so reaching your band meant combining six or more of them. A 4,482 SF space is now on the table, which is exactly six of the 747 SF suites, and it is offered for lease or for purchase. That makes it the only space on this tour where you could own the real estate instead of renting it. It is a Class A campus purpose-built for medical and professional use, not a conversion, with parking near 4.5 spaces per 1,000 SF, which is stronger than almost anything on the coastal side. The cost is time. It is under development and Phase 1 does not deliver until late 2026 or early 2027, so this is the option you cannot move into next year.

AVAILABLE 4,482 SF	CONTIGUOUS To confirm as one unit
ASKING RATE Unlisted	BASE RENT / MO Unlisted
OPERATING EXP. Unlisted	STRUCTURE Lease or purchase
FLOOR Unlisted	CONDITION Under development
AVAILABLE FROM Phase 1, late 2026 to early 2027	PARKING About 4.5 per 1,000 SF

ABOUT THE PROPERTY

- Purpose-built Class A medical and professional campus, not a conversion.
- The 4,482 SF is six of the 747 SF suites combined.
- Parking near 4.5 spaces per 1,000 SF, stronger than almost anything on the coastal side.
- Offered for lease or for purchase, the only ownership option in this search.

CONFIRM BEFORE SIGNING

- Whether the 4,482 SF delivers as one contiguous space or as six suites you combine.
- The purchase price and the lease rate, neither of which is published.
- Operating expenses, and whether they change on a purchase.
- Whether the 4,482 SF sits on the ground floor, since the buildings are two storeys.
- The Phase 1 delivery date in writing, and what waiting for it costs you.
- Whether the shell is finished or the build-out is yours to fund.
- Whether dental use is permitted and designed for, including operatory plumbing and vacuum lines.
- Who represents the developer, and whether the site is listed or off market.
- The street address and parcel number, which are not assigned yet.

NOTES

We set this aside when the biggest suite was 747 SF. A 4,482 SF unit changes that, and the purchase option changes it more, because nothing else on this tour lets you own the building. It is also the one you cannot occupy next year, so it belongs on the list as a second track rather than a substitute.

To confirm on your side

Your operatory count

Your target of 2,400 to 3,400 SF implies six to eight operatories at the 400 SF per operatory rule. Whether you are opening with six or building for eight changes which of these spaces work and what electrical service we ask for.

Your monthly ceiling

We have deliberately not chased the number from your lender, because an expensive building is a negotiation rather than a disqualification. Knowing the ceiling lets us decide where to push hardest.

Whether sedation is in the plan

If it is, the building likely needs to be sprinklered and a medical gas room may need direct outside ventilation. That is worth knowing before we shortlist.

Your open-by date

Two of these deliver on a schedule rather than immediately. Baytowne Office is available 1 February 2027 and 4935 is still under construction, so your target opening decides whether they stay on the list.

Whether the tour starts from Crestview

The drive order in this packet assumes it does. If you are coming from somewhere else the sequence changes, and so does the day.
